

PSYCHOLOGY

SCIENCE BADGE ACTIVITY SHEET

This is a sample Psychology Activity Sheet only. Its main purpose is to show you some of the interesting activities that you can do when you choose this badge. Also, you can use this sample sheet to start doing the badge activities, while your teacher is sending away for the full activity sheet and badge. If you have completed some of these activities before your full sheet arrives, your teacher can mark this sheet, then transfer the marks to the full activity sheet.

Rating	Exercises in Psychology	Teacher's initials and date
1**	Investigate how optical illusions trick the mind. Create a poster showing your findings.	
2**	Find out what Mind Maps are. Make a poster about them.	
3**	Can colours affect mood? Find out and show on a diagram how you would redecorate your house using the information e.g. red might promote hunger, green relaxation.	
10*	Write a poem about body language and how it was used in a particular situation.	
16**	Observe a child under the age of four for about 10 minutes. Try not to interact with the child while you are observing. Write down everything the child does and says (if old enough).	
22***	Find out what "gender stereotypes" means. Look through 5 children's picture books and write down how many times females are pictured and what they are doing and the same for males. Are males and females shown doing the same type of activities, such as passive, in the home, at work etc? Draw a chart to show your findings and comment on your conclusions.
